

MOBILE TOOLS

The smart tools to get the most out of FOUNDATION from your smartphone, tablet and more.

Keep the jobsite and office connected with FOUNDATION mobile® on your tablet, smartphone or laptop. Capture important job data, enter and approve timecards, and manage dispatches in the field — all while syncing to FOUNDATION® remotely.

FIELD LOG OPTIONS

DAILY LOG

Review detailed daily log reports on your mobile devices.

RFC

Update project estimate changes for costs, labor and income.

MATERIALS

Log transferred materials and inventory receipts.

EQUIPMENT

Submit equipment usage, even idle and down time.

QUANTITY COMPLETE

Update completed quantities on the spot.

WEATHER

Use geolocation to auto-fill jobsite weather in one click.

NOTES

Save and manage notes by job and date with custom priority codes.

TIMECARDS

Use the time-saving crew entry to submit timecards by selecting custom employee groups, or enter single timecards by employee.

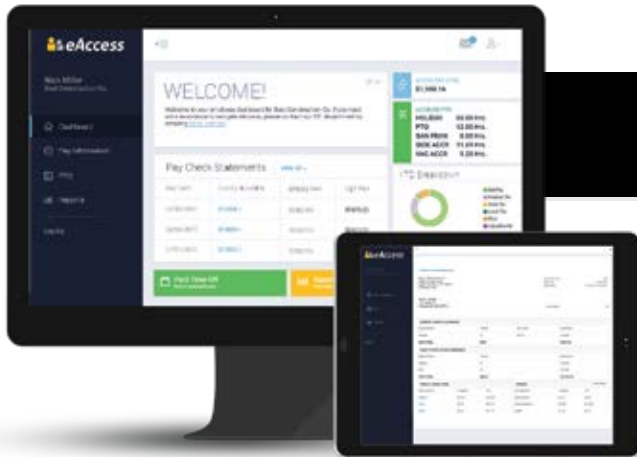

Set an approval process that lets project managers review, mark up, send back or approve employee timecards so they can catch mistakes before they're issues.

With grid timecards, conveniently enter hours at the end of the day for your whole jobsite, including multiple trades, crews, pay codes and cost codes.
