

INTEGRATE WITH FOUNDATION®

Foundation Software's proud to have FOUNDATION® work with many applications throughout the industry. To feature your software on foundationsoft.com/integrations, we just need a few things from you.

1 SHOW US YOUR INTEGRATION.

Contact Steve Antill to set up 30-40 minutes to demo your integration and talk with our team.

2 SEND US SOME INFORMATION.

We'll just need the following basic information to help promote your integration with FOUNDATION®.

PRODUCT NAME

Which of your products integrate with FOUNDATION®?

TECHNICAL DATA

What specific types of data does your software import or send to FOUNDATION®? What specific types of data does it import or pull from FOUNDATION®?

INTEGRATION METHOD:

How does your software integrate with FOUNDATION® (CSV, API)?

MARKETING DESCRIPTION:

In 20-50 words, how does your product integrate with FOUNDATION® to benefit contractors?

PRODUCT LOGO:

AI or EPS vector files are preferred or a 300 dpi JPG, TIFF or PNG.

PRIMARY CONTACT:

Who is the primary contact for this product integration?

TECHNICAL CONTACT:

Who are the technical, support or development contacts for this integration?

3 STAND OUT

You can join our "Featured Integrations" section by providing a short video (no more than 60 seconds) showcasing or describing how your software works with FOUNDATION®.

We'll be happy to discuss this further with you after we've seen your integration and received the above information.
