

THE AFFORDABLE CARE ACT & FOUNDATION[®]

AMERICAS #1 CONSTRUCTION ACCOUNTING SOFTWARE

THE AFFORDABLE CARE ACT & FOUNDATION®

AM I AN APPLICABLE LARGE EMPLOYER?

MONTHLY HOURS REPORT

Using IRS calculations, this report gives your number of full-time and FTE employees, along with a monthly average, to help determine your responsibility under the ACA.

WHEN DO I NEED TO MAKE OFFERS OF COVERAGE?

ADMIN PERIOD SUMMARY REPORT

Between every measurement period and stability period, an allotted time can be taken to get an employee enrolled. If you're wondering, "What employees do we need to take action on right now?" This report has the answer.

HOW DO I KNOW WHO QUALIFIES AS “FULL-TIME”?

MEASUREMENT GROUPS

The ACA lets you designate different employee groups with different measurement and stability periods. FOUNDATION lets you easily set up these measurement groups and maintain them simultaneously for convenient tracking.

EMPLOYEE HOURS TRACKING

With this report you can track each employee's hours as they accumulate over a measurement period. If you have employees that will come close to the full-time threshold, this report helps you keep a close eye effortlessly.

ACA EMPLOYEE HOURS WORKSHEET

If you haven't been tracking all of the qualified hours for your employees, our new adjustments worksheet lets you easily enter adjustments by month so they can flow together with your payroll data directly into hours tracking.

EMPLOYEE STATUS TRACKING

With a single report, you can see the status of each employee for the current stability period, whether full-time or part-time.

HOW CAN FOUNDATION HELP ME WITH MY IRS REPORTING?

PRINT/ELECTRONIC 1094-C AND 1095-C

Users will be able to automatically generate the ACA's two annual IRS forms right from FOUNDATION for easy print or electronic submission.

ACA FORM 1095-C WORKSHEET

Coverage information for the 1095-C can be entered right into the employee record or through the bulk-entry interface of our specially designed worksheet, letting you generate 1095-C forms automatically.
